Banskhali Pre Cadet School & College, Chattogram Board
Distinction — highest grade in all subjects.

Technical Skills

Mobile Development	Flutter · Dart (primary expertise)
Frontend	React · Next.js · JavaScript (ES2022+) · TypeScript · Tailwind CSS · HTML5 / CSS3
Backend	Node.js · Express.js · Django · REST API design
Databases	Firebase (Firestore / Realtime DB) · MongoDB · PostgreSQL · MySQL
AI & ML	OpenAI API · DeepSeek · OpenRouter · Prompt Engineering · LLM integration
Tools & Platforms	Git · GitHub · Vercel · Docker · WordPress · Android deployment
Digital Marketing	Facebook Ads · Instagram Ads · Meta Business Suite · Conversion optimisation

Languages

Bangla (Native) · English (Fluent) · Hindi (Conversational)

Key Projects

2024 – 2025

School Management Platform

Full-Stack Web

Next.js · Firebase · Tailwind CSS · TypeScript

Complete school administration system covering teacher panels, student portals, assignment and material sharing, and real-time push notifications. Deployed on Vercel; supports concurrent multi-role access.

2025

Train Tracker App

Mobile (Android)

Flutter · Dart · Firebase · GPS Integration

Cross-platform mobile app providing real-time train location tracking using GPS and a Firebase Realtime Database backend. Published to Android; designed with offline-first UX principles.

2025 – 2026

AI Chatbots & Automation Tools

AI / Backend

Python · OpenAI API · DeepSeek · OpenRouter · Django

Suite of AI-powered products: intelligent chatbots, task-automation agents, and prompt-optimisation tools. Integrated multiple LLM providers behind a unified API abstraction layer.

2023 – 2024

Personal Portfolio Website

Web / Frontend

HTML5 · Tailwind CSS · Alpine.js · Firebase

Fully responsive personal portfolio with dark mode, Firebase-powered project feed, real-time GitHub stats, and a custom terminal-themed UI. Hosted on GitHub Pages.

Experience

2023 – Present

Freelance Developer & Digital Marketer

Remote

Self-employed

- Built and delivered 20+ client projects spanning mobile apps, landing pages, and AI-powered tools.
- Managed Facebook and Instagram paid ad campaigns — audience research, creative strategy, A/B testing, and ROI reporting.
- Provided WordPress development and maintenance services to small businesses.

Certifications

- Flutter Mobile App Development
- Facebook Ads & Digital Marketing
- AI & Machine Learning Basics

Achievements & Activities

- **Academic Excellence** — GPA 5.00/5.00 in three consecutive national board examinations (PEC 2016, SSC 2022, HSC 2024).
- **Hackathon Participant** — National-level coding hackathons; built functional products within tight deadlines and gained experience in rapid prototyping and teamwork.

- **Open-Source Contributor** — Submitted pull requests, reported issues, and maintained public repositories with clear documentation on GitHub.
- **University Projects Presenter** — Presented School Management Platform and Train Tracker to the CSE department at University of Chittagong; both apps were adopted by real users.
- **Digital Marketing Results** — Delivered measurable ROI improvements for client ad campaigns through data-driven targeting and creative optimisation.

Availability

Open to **Freelance** engagements, **Internships**, and **Collaborative** projects. Preferred contact: `sayedmarufprof@gmail.com`
